

Lumicor is available in a variety of surface finishes to provide different aesthetics and levels of opacity. You may specify a different finish for the front and back to achieve the most ideal result. Standard finishes apply if not specified.

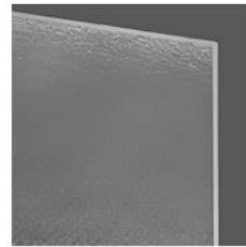

**Brushed**  
A subtle linear pattern that creates a delicate **vertical** finish.

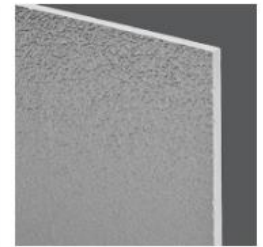

**Diffusion**  
A subtle pattern that creates a soft non-glare finish.

**Frost**  
A frosted finish that creates a diffused matte look.

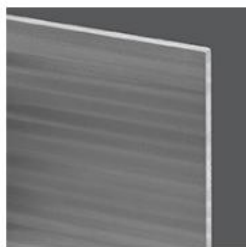

**Gloss**  
A high gloss finish that creates brilliant shine and clarity.

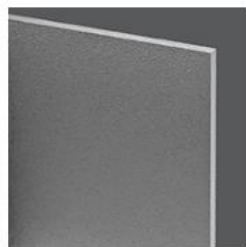

**Stucco**  
A durable finish with a pebbled texture.

**Matte**  
A non-glare finish with a smooth surface appearance.

**Moire**  
Ultra fine lines that create a **horizontal** striping effect.

**Sandstone**  
A durable finish with a medium texture.

**Satin**  
A durable non-glare finish with a subtle texture.
